

T.REX TIMES TABLES

This herd has
THREE rows of
TWO
T. rexes.
 $3 \times 2 = 6$
So you know
there are
6 T. rexes in
total.

This herd has
THREE rows
of THREE
Camarasaurus.
 $3 \times 3 = 9$
So you know
there are 9
Camarasaurus
in total.

This herd
has FOUR
rows of FIVE
Maiasaura.
 $4 \times 5 = 20$
So you know
there are 20
Maiasaura in
total.

Work out how many dinos are in each
herd using multiplication!
