

# How to Wash Your Hands with Mr Panda!

When to  
Wash Your Hands

First you need soap

Then you need water

Before you eat

After you've been  
to the toilet

Then do the  
rub-a-dub-dub

Then rinse and  
dry to finish

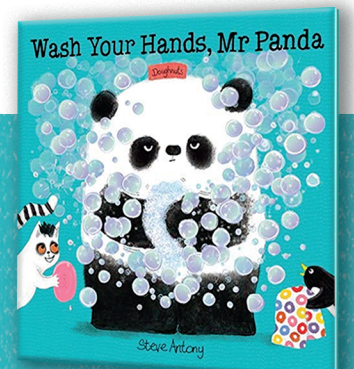

After playing outside

After coughs and sneezes

S

S

I washed my hands

I said please

I said thank you

I brushed my teeth

I was patient

I ate all of my dinner

I read a book

I stayed in bed until the morning
