HALLOWEEN

Not-Very-Spooky
Event Kit

Halloween is an exciting time of year, but it can also be a scary one for very young children.

In the latest **EMILY BROWN** picture book, Emily and Stanley meet a sweet little ghostie who seems more frightened than frightening. The ghostie thinks he needs to find his 'spook', but with the help of his new friends soon learns that there are other ways to have fun at Halloween!

In this kit, you'll find a range of resources for running a Not-Very-Spooky Halloween event, including activity sheets, a craft starter, costume inspiration and some simple comprehension questions to accompany a book reading. There's even a poster to help you advertise the event.

Happy (Not-Very-Spooky)
Halloween!
